Landscape Painting with Oil 4 Days - *learn how to paint outdoors* *2023*

This is my recommended supply list. If you have your own products you enjoy using, feel free to bring those instead. You can alway purchase items as we continue in the class. I highly recommend not using disposable paper pallets, paints using the name 'hue', or student grade colors.

To keep your life easy. Please contact Raymar to order my paints, brushes and panels. You can also use the code BOHLING15 for a one time discount.

The Brushes, Paints and Panels I will be using for the class:

Raymar Panels.
Universal primed smooth linen 4- 8x10, 2 -9x12. You can always buy more at the school if you run low.

Neutral Grey N5

Palette Knife
Liquitex Small Painting Knife # 4 For the right handed, when looking down at the knife, you see the Liquitex label. There will be two points one on the tip and one on the right. For a left handed person it will be on the top and on the left.

Viva Paper Towels

Open Box M Plein Air Easel, with tripod (add an umbrella if you like)
Open Box M suggests buying a tripod that has at least a 10 lb. load capacity to the BALL HEAD (different than the load capacity to the legs) for sturdiness and also a quick release plate for ease of attachment to the ball head system. I use a foldable one by Dolica.

Portable metal turpentine container with handle

Odorless Turpinoid

Wooden pallet or gray bottomed plastic/glass (you can paint it yourself if you do not find one) pallet for painting indoors. This is only if you prefer to not use your plein air easel.

*Small sketch pad and pencil (no need to get a notebook bigger than 8x10)

Hat, sunblock, water and a camera or phone camera to take pictures with.
